*Contract will create new jobs spread across three states.*

**MILWAUKEE, WI (January 1, 2020)** – Phoenix Logistics (“Phoenix Logistics”), an affiliate of national private commercial real estate firm Phoenix Investors headquartered in Milwaukee, Wisconsin, announced a new multi-state contract with Array Technologies, Inc. (“ATI”). Phoenix Logistics will provide logistics services to ATI for approximately 1 million square feet in Coffeyville, Kansas; Mayville, Wisconsin; and Hooks, Texas.

ATI is an established leader in the solar tracking world. Over its 30-year company history, ATI has expanded to become a global provider of time-proven solar tracking solutions. The contract with Phoenix Logistics will allow for the distribution of industry-leading, single-axis solar tracking equipment and is expected to generate approximately 15 new jobs across the 3 sites.

Phoenix Logistics has assembled a team of professionals with years of supply chain experience, alongside state-of-the-art warehouse management systems (WMS), which increases labor efficiency, eliminates waste, and reduces costs. “Phoenix Logistics is excited for the opportunity to support ATI and the solar energy industry.
